Show the following pictures and encourage the students to frame the story.

Answer:

Once, there lived two cats. They were friends. One day, they found a bread. The two cats did not know how to share it. they needed help. A monkey saw this.

It said, "I will help you". Come to me. I have a good balance. "I can share the bread for you".

Both the cats agreed. They gave the bread to the monkey. The monkey broke the break into two pieces. He weighed the two pieces in the balance. One was big. The other was small. The monkey bit a part of the bigger piece.

Again it weighed. Now, the other piece was heavier. Again the monkey bit a part of the second piece. Then it weighed. Now the first one was bigger. The monkey repeated this many times.
